Mr. and Mrs. John Burns of Chicago are the guests of Mr. and Mrs. Henry J. Shea of Fourth street. They came from Richmond, Va., and are en route home after an extended Eastern tour. Mr. Burns is a native of this city, now of Chicago, where he has risen to prominence in commercial affairs.

"Hello, little man; how are you?" was asked of a bright tot as he sat on a stool in front of Pecor's Drugstore yesterday morning. "I'm well, thank you." "And who are you?" was propounded by the inquirer. "I'm a dead game sport and a howling swell," was the prompt reply of the coming United States Senator.

In referring to the amputation of the Beecraft boy's leg in Tuesday's issue of THE LEDGER an erroneous impression was made which might do Dr. Taulbee an injustice. The case was one of gangrene due to obstruction of the femoral artery, and not due to poison, as the boy impressed The Ledger scribe. Dr. Taulbee performed the operation for the late Dr. Heaton, whose patient the lad was, and the fact that his life was saved is almost a mystery, since the great majority die. Dr. Pickett, Dr. Heaton and Dr. Harover were present and assisted in the operation.

HOWE'S MOVING PICTURES.

The Cumberland (Md.) News of Thursday, September 8th, says: "One of the most pleasing and entertaining attractions ever booked at the Academy of Music was that of the Lyman H. Howe's Moving Pictures. Howe is the pioneer and peer of moving picture exhibitors, as his performance indicated. The pictures were new, novel and unusually distinct. The real feature of the program was the pictures entitled, 'The Making of a Newspaper,' showing in every detail the several evolutions required to place a great metropolitan daily in the hands of the reading public. The editorial rooms, the busy reporters, the noisy linotypes, the making up of the forms, the big presses and the newboys were pictured as true as life. The pictures of scenes from the Japanese-Russian War were also of the best." All new pictures will be shown at the Washington Friday night and this attraction should have a big house, as it is always one of the best seen in the city. Tickets now on sale at Ray's.

ROW AT LEXINGTON

Officials of the Tobacco Association Charged With Bad Faith

A dispatch from Lexington says an awful row took place at a hotel in that city Tuesday afternoon between W. B. Hawkins, Oliver Jenkins and the McChord brothers, all interested in the Burley Tobacco Growers' Association. Friends interfered before the belligerents carried out their threats to annihilate each other.

According to bystanders Colonel Jenkins charged the McChords and General Hawkins with bad faith in effecting arrangements with the Louisville market to handle the 1904 Burley tobacco crop.

Jenkins insists there ought to be an equal division of the receipts between Cincinnati and Louisville of the coming crop.

It is understood Hawkins and the McChords have indicated a desire for peace, and with this end in view Mr. Jenkins and other interests in the Growers' Association will consult in a few days with the Cincinnati Moguls, who are evidently much depressed at the possibility of being frozen out on the new crop.

A MEDICAL REBELLION IN KENTUCKY.
Old Code Doctors of Covington Issue a Declaration of Independence.

The subscribed regular physicians agree to form an old code medical association. We agree to abide by, and we re-affirm the code of ethics as adopted by the American Medical Association in 1847, unamended and unrevoked, and we agree to be guided by this code and the Hippocratic oath in our daily conduct.

We believe the regular profession has a proud and honorable heritage which we shall endeavor to preserve in its purity and dignity, and we believe no other than the regular profession has such a heritage. We cannot accept (nor do we believe any conscientious regular physician not blinded by the almighty dollar can accept) membership in a county, state or National Association which compels us to throw away this heritage, to forget our teachings, and to associate on equal terms with whosoever our legislators may determine to be legally qualified to practice medicine in our state.

We believe the action of the American Medical Association in allowing the affiliation of all legally qualified physicians was prompted by the commercialism of specialists, and is the direct result of their greed; that it was done to enlarge the consultation field; that it is a step toward making a trade of what we have fondly looked upon as a profession; that it is "a concession of honor," a concession that the regular profession has been wrong for over half a century; that it is the sale of a birthright for a mess of pottage.

We believe that specialists began this degradation in the new code movement of 1882, and that it has culminated in the humiliating position the regular profession is now placed, the present organization compelling the fellowship of all legally qualified physicians, with membership in the American Medical Association used as a means of compulsion, as a whip.

Beware of Quackery For Catarrh That Contains Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 50¢ per bottle. Take Hall's Family Pills for constipation.

WHY PAY EXORBITANT PRICES FOR YOUR PLUMBING?

We will do it for you at legitimate prices and as near correct as science has developed the art. We do house heating that is successful; no expediting. Good work, proven by time and successful operation, is our recommendation.
